The chief physician of the Estacion Sanitaria at Callao writes me under date of April 4 that the steamship *Luxor*, in which Assistant Surgeon Wightman, of this service, arrived at that port, is infected with yellow fever and is quarantined. Bills of health bear the usual indorsement relating to fumigation, inspection, and disinfection of baggage.

Bills of health from Antofagasta, Chile, continue to report cases of plague.

The following telegram from the director de salubridad, Lima, has just arrived, April 10:

*Luxor* intensely infected with yellow fever. Doctor Wightman will be removed to-morrow for observation. I have telegraphed Peruvian consul to confer with you to designate anchorage for vessels. Please comply.

#### GERMANY.

##### *Report from Stettin—Case of smallpox.*

Consul Kehl reports, March 26 and 30, as follows:

On March 23, 1 death diagnosed as smallpox occurred at the local city hospital, and 2 new cases have since developed. City and hospital authorities are using every precaution to prevent its spreading. If the disease should become epidemic the quarantine regulations for foreign ports will be strictly observed.

The American consul at Copenhagen, from which port much merchandise from Stettin is shipped to the United States, has been notified.

March 30. No new cases of smallpox have developed.

#### GUATEMALA.

##### *Report from Livingston, fruit port.*

Acting Assistant Surgeon Wailes reports as follows: Week ended April 10, 1906. Present officially estimated population, 3,500; general sanitary condition of this port and surrounding country during the week, good.
